SCS - SUPERVISION AND CONTROL SYSTEM

SURVEILLANCE AND PROTECTION IN A MUSEUM

THE CUSTOMER REQUIREMENT

The customer requirement was to equip a private museum with a supervision system able to manage:

- **anti - intrusion**
- **video surveillance**
- **OEM access control**

THE SOLUTION

The system is made up with:

- **260 cameras,**
- **780 alarm inputs,**
- **2 SCS clients,**
- **OEM access control system**

CUSTOMIZATIONS

As requested by the customer, SCS has been integrated with an OEM access control system in order to guarantee the complete management of the building security.

While visitors follow the guided tour, the tour leader's badge triggers:

- zone arming and disarming;
- zone videocameras videowall live.
